 - AWS, MySQL, PostGres, Angular, Laravel, Git, Sourcetree
-

Interests and Achievements

- Hockey. Played the sport for a number of years, having represented South Yorkshire at a young age and led the university team as captain during the second year of study at university.
- Web and cloud-based development. Designed and developed various websites as a self-employed solo developer. You can find examples of my work at <https://www.alexanderhollingworth.co.uk/>.
- Music and Djing. Ran a livestream show with friends every weekend during 2019 and used to DJ in a bar in the UK. Also attempted to build a web app that showcases our mixes. This can be viewed here: <https://alexanderholl.github.io/deckheads/>
